

**Rock Springs Academy
December 2008 Newsletter**

As the month of December begins, I have been with this class for a couple of months and I have enjoyed every moment of it. The achievements of kids in this month have been extraordinary.

- *Jay is already given up bottle and taking steps without help.
- *Qumarion has started eating food and he is more active than before.
- *Melia's talking skills are improving every day. She is already drinking out of a cup.
- *Cain is taking steps with no help and started making his own words.
- *Zaiden started holding his bottle.

My focus on this month for older ones is to get rid of the pacifier, and drink out of a sippy cup, also sign language, activities such as painting and doing art projects, how to hold the crayons and color with it. This special month is going to be full of fun.

As winter is getting closer and as we all know that 21st of December is the first day of winter. I ask each of you dear ones to dress your children appropriately for this season. I would like also to remind you that our Christmas party is on December 17th. It will be on Wednesday from 10:45 - 11:30AM. Please come and join us! Our center will be closed on Thursday and Friday (Christmas holidays).

Happy Holidays to all of you!

Merry Christmas and Happy New Year!

Noe Rooz Mubarak! (Persian)!

Ms. Megan
