

It's December! The month when the children are excitedly awaiting for lots of fun and surprises. They try to be nice to everyone and look forward to getting presents from Santa. They are aware that Santa Claus is coming to town!

This month is going to be fun. The children will be discovering some facts about a flower called Poinsettia. The Cookie Day on Dec. 4 will give them excitement as they are going to try different kinds of cookies. Since we are celebrating Walt Disney's birthday, the children will have a chance to bring their most favorite Disney movie and watch it with the whole class. Winter officially starts on the 21st of this month and to welcome this season, the children will be making some winter arts and crafts. This month will also bring the children to learn facts about the Kwanzaa, which is celebrated from the 26th of December to the 1st of January. Another important celebration will be the Christmas Day, and we shall have a Christmas Party on the 17th at 10:45 - 11:30AM. The children will sing Christmas songs and recite Christmas poems for all the guests on this important day. We wish to invite all our dear ones to come join us on this day.

Have a Merry Christmas and a Bountiful New Year!

Maligayang Pasko at Masaganang Bagong Taon! (Philippines).

Ms. Estela
